* Indicates required question

The Fenby's recently purchased lot 298 and would like to trade the lot with the MLA for part of Park C

- Neither lot is lake front property.
- MLA will not incur any fees. All costs associated with the land swap will be paid for by the Fenby's.
- Amount of land swapped will be similar in size.
- Fenby's would provide the survey of the land.
- Liberty Twp. will determine if MLA can keep the same lot number or if a new lot number will be issued.

Message from the Fenby's:

In exchange for lot 298 and expenses associated with platting; MLA grants us ownership of a new lot (lot # tbd), to be split from the northeast corner of Park C. Said lot would be adjacent to lot 299, approximately .25 acres, with no riparian rights.

MLA will not incur any expense and will not lose acreage or billable lots. Park C takes a more contiguous form and becomes easier to delineate. A new adjacent lot extends our yard and provides a barrier between our home and the increased traffic at Park C.

We hope you'll agree this is a mutually beneficial proposition and look forward to hearing back soon.

Park C and Lot 298 highlighted in **RED** below!

(shown in green below) Lot 298 to be swapped with part of Park C (MLA already owns 297 & 296)

What Park C would look like if land was swapped.

Complete the questions on the opposite side & return in the envelope.
